NOV 23 2010

Mr. Alex Pompei
Regional Superintendent, Aircraft Certification
Transport Canada
4900 Yong Street, 4th Floor (PAI)
Toronto, ON M2N 6A5
CANADA

Dear Mr. Pompei:

Subject: Application for a Technical Standard Order Design Approval

This refers to the Transport Canada letter to this office dated October 28, 2010 (Ref. RDIMS #6243712), which states that Transport Canada has received an application from a Canadian resident, Insight Instruments Corporation, for finding of compliance and recommendation of approval and issuance of a Letter of Technical Standard Order Design Approval for their Strike Finder Model SF-2000.

In the letter, Transport Canada further states that they have reviewed the applicant's submission and hereby certify that the design of the product for Insight Instrument Corporation Strike Finder Model SF-2000 comply with the intent of TSO-C110a and meets the criteria specified in FAR Part 21, subpart "O", § 21.617. Transport Canada hereby also certifies that the applicant's Quality Control System meets the requirements of Part 21, subpart "G", § 21.143.

Based on the Transport Canada certification and receipt of the required data, we hereby accept Insight Instruments Corporation TSO design approval to include Strike Finder listed below for manufacture at Insight Instruments Corporation, located at 599 Industrial Drive, Fort Erie, Ontario, Canada L2A 5M6.

Model Number:

Description:

SF-2000

Strike Finder

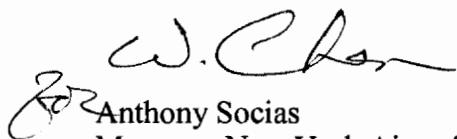

This letter of TSO design approval, together with the Transport Canada Certificate of Airworthiness for Export, will authorize Insight Instrument Corporation to identify the Strike Finder with the TSO marking requirements described in 14 CFR § 21.607(d) and in TSO-C110a and is issued in accordance with 14 CFR § 21.617, governing issuance of TSO design approval for import appliances. Each item must be accompanied by a Certificate of

Airworthiness for Export issued by the Transport Canada or a duly authorized designee/organization (14 CFR § 21.502(a)).

Transport Canada letter of October 28, 2010 requesting approval for Insight Instrument Corporation will be maintained in the New York Aircraft Certification Office files.

If you have further questions, please contact Mr. Wing Chan at (516)-228-7311.

Sincerely,

A handwritten signature in black ink, appearing to read "W. Chan" with a large flourish at the end. To the left of the signature is a small, stylized mark that looks like "AS" or "ASOC".

Anthony Socias
